## مقدمة

\*\*\*\*\*

يسرني أن أقدم هذا القاموس المختصر للترجمة  
(انجليزي - انجليزي) والذي يتضمن مفردات  
ومصطلحات ذات شيوع وتداول في مجال المحادثات  
والخطابات الانجليزية المختلفة ، فهو متسلسل  
كصياغة المعاجم الانجليزية الأخرى، وقد يلاحظ فيه  
الاختصار في صيغة ترجمة المفردات والمصطلحات ،  
والغرض من ذلك ليكون أعم للمنفعة والفائدة.

والله ولي التوفيق.

burst or suddenly release energy with a loud noise.

exploit:

use or develop resources.

exploitation:

use; the exploitation of the ocean as a source for food.

exploration:

a traveling in little-known lands or seas for the purpose of discovery.

explore:

travel through a country etc, in order to learn about it.

explorer:

person who explores.

explosion:

the exploding of a bomb etc,; the noise made by exploding.

exist:

have a place as part of what is real, Do  
ghosts exist?

existence:

being; When we are born, we come into exist-  
ence.

expand:

make or become larger or fuller.

expansion:

an expanding.

expect:

think or believe that something will happen  
or that someone will come.

expedition:

a journey made in order to do something.

expense:

the cost of doing something.

expensive:

costing a lot.

experience:

what you learn from doing or seeing things.

experienced:

having experience; taught by experience.

export:  
send goods abroad to be sold.

expose:  
reveal, uncover.

express:  
going or sent quickly.

extend:  
stretch out.

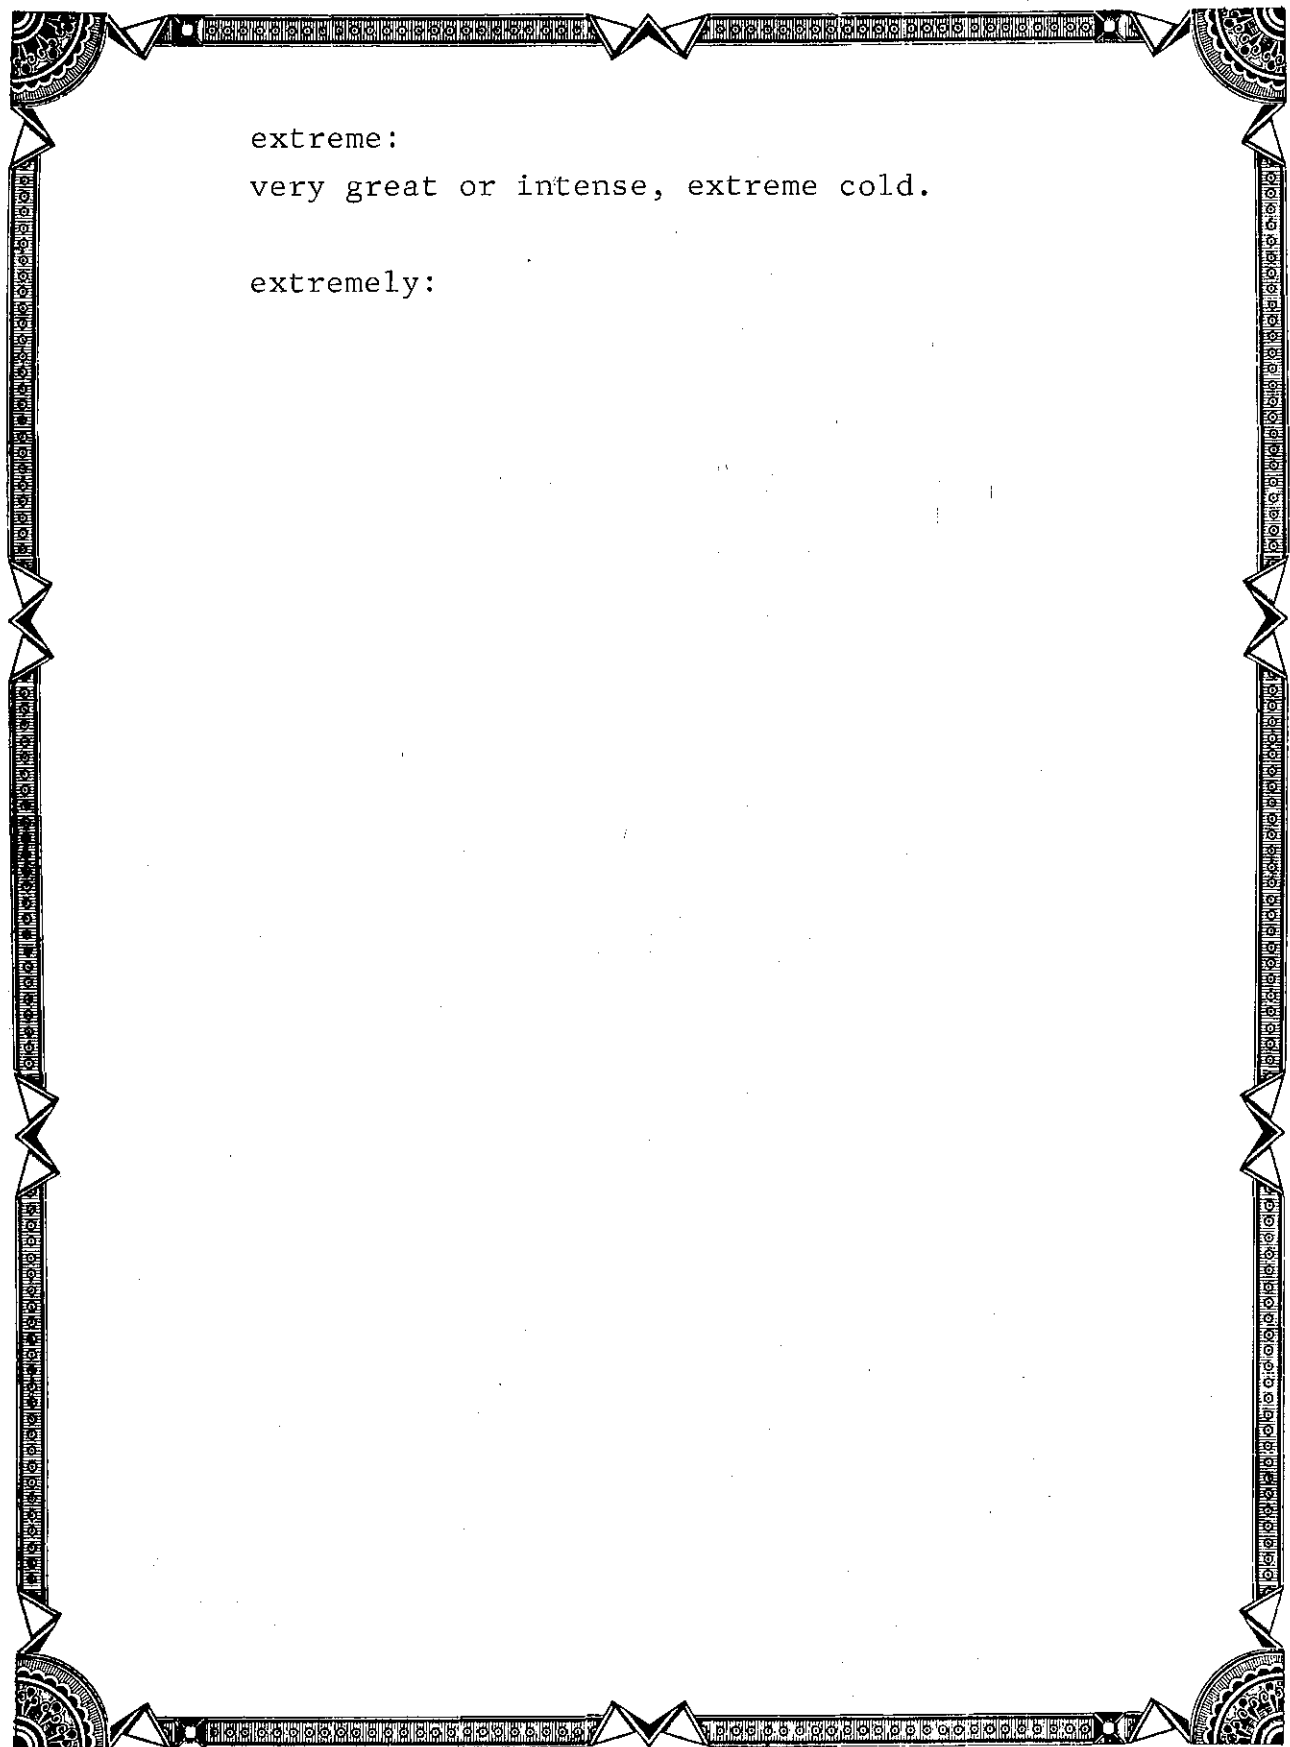

extent:  
the area or length over which something extends.

external:  
outside.

extra:  
additional; more than is usual, extra strength.

extract:  
take out; remove.

extraction:  
extracting.

extreme:

very great or intense, extreme cold.

extremely:

face:  
the front part of the head.

face:  
look or have the front towards something.

facilities:  
something that provides you with the means  
to do things.

facing:  
a covering of different material for orna-  
ment, protection, etc.

fact:  
something that is certainly true.

factor:  
something that helps to bring about a res-  
ult.

faculty:  
any of the powers of the body or mind (e.g  
. sight, speech, understanding).

Fahrenheit:  
measuring temperature on a scale where wate-  
rfreezes at 32 and boils at 212.

fair:  
right or just; according to the rules,  
a fair fight.

fairly:  
justly; according to the rules.

fall:  
come or go down without being pushed or thrown etc.

fame:  
being famous.

familiar:  
well-known; often seen or experienced.

famine:  
a very bad shortage of food in an area.

fare:  
the price charged for a passenger to travel.

fascinate:  
be very attractive or interesting to somebody.

fascinating:  
irresistibly attractive; enchanting; charming.

fast:  
moving or done quickly; rapid.

fatal:  
causing death or disaster.

fatal:

causing death or disaster, a fatal accident.

favorable:

helpful; approving; pleasing.

favorite:

liked more than others.

a substance that is able to flow freely as liquids and gases do.

fold:

bend or move so that one part lies on another part.

follow:

go or come after.

foolish:

without good sense or judgement; unwise.

foolishly:

foolishness:  
behaviour which is not sensible:

for example:

foreign:  
of or in another country; of other countries.

form:  
the shape, appearance, or condition of something.

formula:  
a set of chemical symbols showing what a substance consists of.

fort:  
a fortified building.

fortunately:

forwards:  
toward the front; onward; ahead.

found: of find:  
establish; provide money for starting.

foundation:  
the founding of something.

fraction:  
a number that is not a whole number, e.g. -

freeze:

a period of freezing weather.

freezing:

the freezing of water or liquid.

frequency:

being frequent.

frequent:

happening often.

frequently:

often; repeatedly.

friction:

rubbing.

from:

This word is used to show (1) starting-point  
in space or time or order.

froze:

of freeze.

frozen:

hardened by cold; turned into ice.

fuel:

supply something with fuel.

fulfill:

do what is required; satisfy; carry out.

fulfillment:

a fulfilling; completion; performance; accomplishment.

function:

perform a function; work properly.

fund:

money collected or kept for a special purpose.

fundamental:

basic.

furnace:

a device in which great heat can be produced  
, e.g. for melting metals or making glass.

future:

the time that will come; what is going to  
happen then.

gain:

get something that you did not have before;  
obtain.

gap:

a break or opening in something continuous  
such as a hedge or fence.

garbage:

rubbish.

gas:

a substance that (like air) can move freely  
and is not liquid or solid at ordinary temperatures.

gather:

come or bring together.

gene:

one of the factors controlling which characteristics (such as the colour of hair or eyes) are inherited from parents.

general:

of all or most people or things, general  
approval.

generalization:

act or process of generalizing.

generally:

generate:  
produce; create.

generation:  
generating.

generator:  
an apparatus for producing gases or steam.

genetic:  
of genes; of characteristics inherited from  
parents or ancestors.

gentle:  
kind and quiet; not rough or severe.

gently:  
in a gentle way; tenderly; softly.

genus:  
a group of similar animals or plants.

geological:  
of or having to do with geology.

geologist: an expert in geology.

geology<sup>(1)</sup>:  
science that deals with the earth's crust,  
the layers of which it is composed, and their  
history.

germ:

a micro-organism, especially one that can cause disease.

gesture:

a movement or action that expresses what a person feels.

get:

come to have; obtain; acquire.

give:

cause another person to receive something that you have or can provide.

globe:

something shaped like a ball, especially one with a map of the whole world on it.

goal:

place where a race ends.

goods:

things that are bought and sold.

gradual:

happening slowly but steadily.

gradually:

His health is gradually improving.

grain:

a small hard seed or similar particle.

grant:

give or allow what is asked for, grant a request.

graph:

instrument that writes, draws, records, etc.

grasp:

seize and hold firmly with the fingers, claws, etc.

gravity:

the force that pulls everything towards the earth.

grind:

crush into grains or powder.

ground:

run aground.

guarantee:

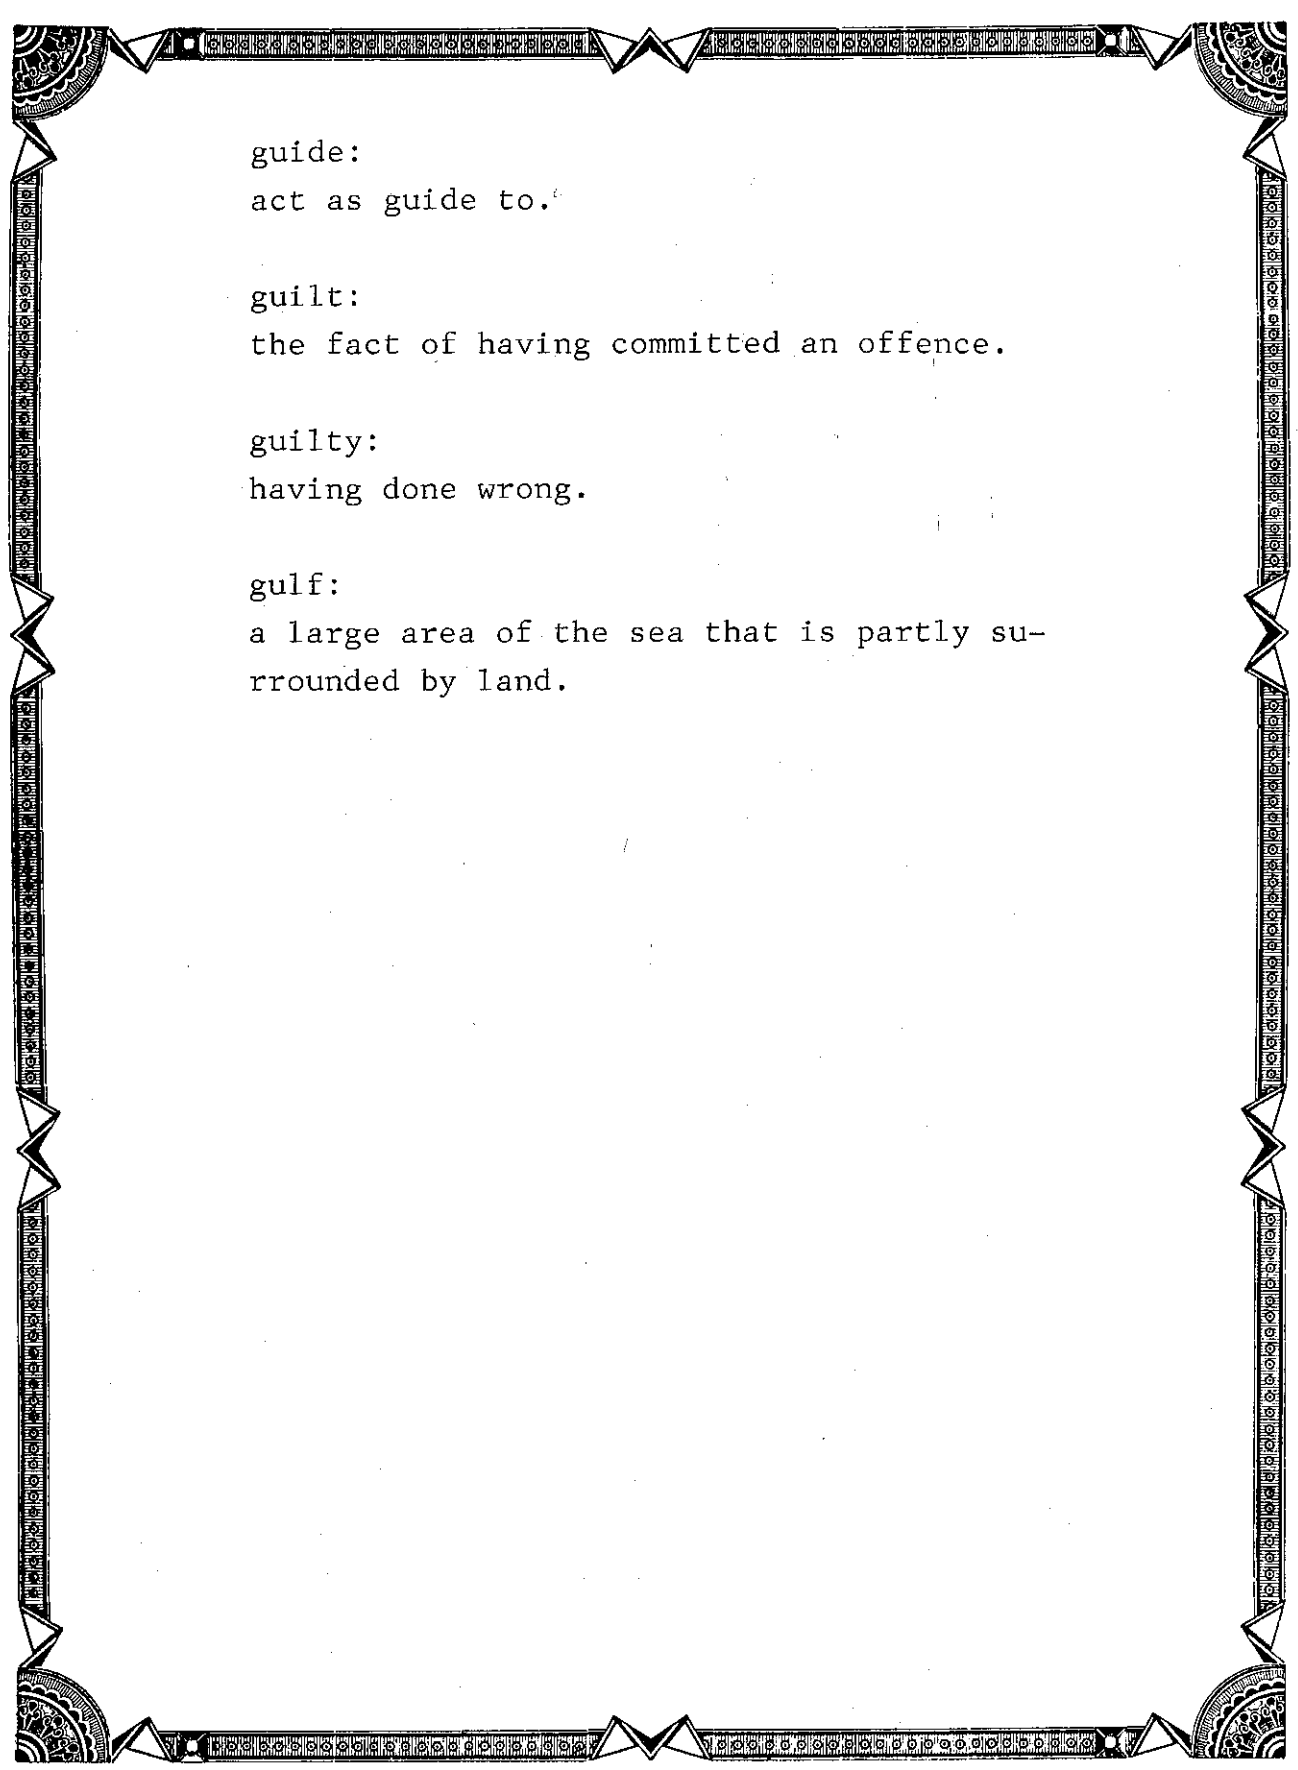

give a guarantee; promise.

guess:

make a guess.

guess:

an opinion given without making careful calculations or without certain knowledge.

guide:  
act as guide to.

guilt:  
the fact of having committed an offence.

guilty:  
having done wrong.

gulf:  
a large area of the sea that is partly surrounded by land.

hand:

the end part of the arm, below the wrist, with which a person grasps and holds objects.

hang:

fix the top or side of something to a hook or nail etc.

happen:
